

FROM CONCEPT TO COMMUNITY: DESIGNING OUTDOOR SPACES WHERE LIFE TAKES PLACE!

studio16:19, LLC is a locally owned landscape architecture, planning and design firm in Round Rock, Texas that collaborates with like-minded professionals; solving our clients' problems, while making a positive impact in the communities where we work and live. We offer a collaborative, creative, and comprehensive approach in the development of land-based projects that are client-centered and end-user focused for private developers and public entities across Central Texas and beyond. We believe that this occurs by fostering an authentic work culture of empowered staff collaborating in a studio environment, providing creative, innovative, efficient and sustainable design solutions to our clients' project challenges, and stewardship of all relationships with integrity, honor, and servant leadership while maintaining a strong commitment to philanthropy.

DOES THE FOLLOWING DESCRIBE YOU?

- Effective listening and communication skills.
- Highly efficient at self-managing tasks and supporting staff, consultants, and client teams.
- Ability to collaborate with like-minded professionals in a creative studio environment.
- Able to provide creative, innovative, efficient, and sustainable land-based design solutions.
- A servant leader that enjoys "jumping in" no matter the task at hand.
- Embodies our core values: faith, community, collaboration, authenticity, entrepreneurship, integrity, and philanthropy.
- Unparalleled work ethic... you may not own the business, but you work like you do.

WHO WE WANT

As we continue to grow our studio and expand our reach, we are seeking a Landscape Architecture/Planning Intern who demonstrates that they are confident in their skills and abilities. They are self-motivated and consistently exceed all project metrics, goals, and client expectations. Our ideal Landscape Architecture/Planning Intern does not shy from new opportunities but will engage with studio staff and existing clients. They welcome the challenge of a collaborative studio environment.

WHAT YOU'LL DO

As a Landscape Architecture/Planning Intern, you will be responsible for supporting internal and external project teams in Texas by following and effectively executing our collaborative studio process. You will work closely with studio staff, project managers, and project principals to develop and present the best solutions to meet our client's program that successfully exceed their expectations. By embracing **studio16:19's** core values, you will maintain a high level of integrity pertaining to all interactions with coworkers, clients, and strategic partners. As a valued team member, you will contribute to best practices conversations, planning, and project delivery methods. You will maintain a high level of personal accountability by keeping our project files updated and providing recurrent updates to the project leadership team.

WHAT WE WILL INCLUDE

This role is designed for success. At **studio16:19** our people are our greatest asset. We offer competitive pay and benefits including a highly collaborative work environment, employer-paid medical insurance plan, dental insurance, retirement plan, generous paid time off with annual rollover, seven paid company holidays, support obtaining and retaining professional licenses, recurrent training, a fun studio culture including company events, philanthropic events, and opportunities for professional growth. To learn more about **studio16:19**, check us out at our website www.studio1619.com and follow us on social media.

REQUIRED QUALIFICATIONS

- Pursuing an undergraduate and/or master's degree in landscape architecture or planning from an accredited program.
- 0 to 2 years of experience.
- Capable of independent work and managing assigned tasks from multiple project managers.
- Foundation in graphic communication with freehand and digital drawing skills including understanding of LandFX/AutoCAD, and Adobe Suite.
- Capable of exploring solutions to design challenges and presenting options to senior staff.
- Ability to consistently perform in a fast-paced environment.
- Desire to grow personally and professionally.

EXPECTATIONS

- Actively collaborate with staff for project delivery and administration.
- Actively contribute towards a positive work environment.
- Build a foundation of strong communication skills: verbal, written, and graphic.
- Develop a basic understanding of local and regional regulations.
- Manage task assignments for multiple projects.
- Develop foundation of knowledge of appropriate construction, finishing, and planting materials in our geographic areas of work.
- Perform periodic site visits for existing conditions analysis and construction observation.
- Research product technology, trends, and project-related concepts.

HOW TO APPLY

Please send a copy of your resume and brief qualifications packet/portfolio to Angela Baker (angela@studio1619.com) and include a cover letter or e-mail explaining who you are and why you believe you are the best choice for this position.
