JOIN OUR TEAM!

LANDSCAPE ARCHITECT / PLANNER

In-Office | Round Rock, TX
3-5 Years Experience

YOUR ROLE

This role is ideal for someone ready to move beyond support tasks into greater ownership of design and project delivery. You'll take on increasing responsibility while continuing to grow your technical and design skills within a collaborative studio.

WHAT YOU'LL DO

- Contribute to design development, documentation, and presentations
- Take ownership of specific project tasks and deliverables
- Coordinate with internal staff, consultants, and project teams
- Assist with permitting and technical documentation
- Participate in client meetings and project coordination

WHAT YOU BRING

- Degree in Landscape Architecture (accredited program)
- 3-5 years of experience in a private practice setting
- Progress toward licensure
- Proficiency in CAD-based software, Adobe Suite, and 3D tools
- Willingness to learn innovative BIM software such as Vectorworks Landmark
- Strong graphic communication and design thinking skills
- Ability to manage tasks across multiple projects
- Growing knowledge of construction documentation and site development

WHY STUDIO 16:19

- Collaborative, studio-based culture
- Employer-paid medical insurance and retirement plan
- Generous PTO and paid holidays
- Support for licensure and career development
- Opportunities to grow into leadership roles
- Opportunities for community and philanthropic involvement
