YOUR ROLE

Join a collaborative studio environment where you'll support real projects from concept through construction. This is an opportunity to gain hands-on experience while working alongside experienced designers and planners.

WHAT YOU'LL DO

- Support project teams with design, graphics, and documentation
- Assist in preparing plans, presentations, and reports
- Collaborate with staff, consultants, and clients
- Participate in site visits and existing conditions analysis
- Support a variety of project types such as mixed-use and commercial developments, municipal parks and public spaces, education, master planning efforts, and more
- Help maintain organized project files and updates

WHAT YOU BRING

- Currently pursuing a degree in Landscape Architecture
- 0–1 years of relevant experience (internships included)
- Working knowledge of CAD-based software and Adobe Suite
- Willingness to learn innovative BIM software such as Vectorworks Landmark
- Strong graphic communication and design thinking skills
- Ability to manage tasks across multiple projects
- Eagerness to learn and contribute in a team environment

WHY STUDIO 16:19

- Collaborative, studio-based culture
- Exposure to studio workflows and project delivery processes
- Opportunity to build and refine a professional portfolio using real project work
- Exposure to multidisciplinary teamwork and coordination
- Opportunities for community and philanthropic involvement
- Potential opportunity for future full-time employment
